Subject: Agenda Item X

Background

The Commission contracted with the U.C. Agriculture Issues Center at U.C. Davis with Dr. Daniel Sumner to report on earthquake risks to California's agriculture industry. Dr. Sumner and Dr. Scott Brandenburg provided an update on the report's progress at the September 2013 Commission meeting.

At the January meeting, Dr. Sumner will present the final report to the Commission. Recommendations will be presented and potential follow up projects that may be of interest to the Commission will be presented.

Recommendation

Staff recommends that the Commission listen to the presentation ask questions, provide additional guidance if needed, and approve the project.
